Provider Profile

Information provided by the provider describing their agency:

My name is Eileen Bodington, and I am a Clinical Behavioral Consultant. With a background in elementary and special education, I have had the opportunity to work with many children and adults with developmental disabilities and their families.

My goal is to work closely with families and caregivers to develop an individualized plan for each client that is based on positive behavior supports.

Through interviews and direct observations, assessment will be conducted that results in a behavior intervention plan that addresses the clients' particular target behavior(s).

Follow-up and modifications to the plan, if necessary, are available.
